

Blanke•Quarter Circle Tile Trim

(Brass • Stainless steel)

The aluminum, brass and stainless steel Blanke•Quarter Circle Trims are an excellent protective and decorative edge for wall and counter top tile applications. The Blanke•Quarter Circle provides superior structural strength and easy tile alignment due to the inclusion of a vertical support piece under the curved profile. The aluminum Blanke•Quarter Circle Trim is available in metallic anodized finishes or durable baked-on plastic coatings in a variety of popular colors. The brass and stainless steel Blanke•Quarter Circle Trims can also be used as stair nose and transition trims.

Advantages

- High quality
- Structural support provided by an integrated vertical support piece under the curved profile (Extruded aluminum and PVC)
- Superior weather resistance due to the durable baked-on plastic coating

Blanke•Quarter Circle Tile Trim

(PVC)

The plastic Blanke•Quarter Circle Trim is a decorative protective edge designed for residential wall and counter top tile applications. The Blanke•Quarter Circle provides superior structural strength and easy tile alignment due to the inclusion of a vertical support piece under the curved profile. The Blanke•Quarter Circle is constructed from high quality PVC which resists scratches, weather and UV ray deterioration.
