Trims and Profiles for Ceramic Tile and Stone

Featured Products 2010

Floor Covering Edge Protectors for Walls and Floors

Blanke•Edge Protector Trim of Extruded Metal or PVC

Blanke•Edge Protector Trim of Extruded Metal or PVC Regular or Bend-Ease (metal only). Brass, aluminum or colored PVC.

Blanke•Quarter Circle Tile Trim

Chrome plated brass, brass, stainless steel, aluminum or PVC.

Blanke•Triangular Tile Trim

Chrome plated brass, brass, aluminum or PVC.

Blanke•CUBELINE

Blanke•CUBELINE is a sleek new tile edge protector featuring a symmetrical "cube" shape that complements popular contemporary tile and stone designs. Available in aluminum and stainless steel.

Blanke•Floor Accent Profile

Brass, chrome-plated brass, stainless steel and aluminum. Also available in bendable version "Bend-Ease".

Blanke•Sill Profile

The Blanke•Sill Profile of stainless steel is specifically designed to cover the tiled edge of stairs and countertops where there is a build-up of exposed substrate and underlayment.

Blanke•DECOLINE

Decorative wall profile. Brass, aluminum or stainless steel.

Blanke•Corner Protection Profile

Corner protection with impact resistant stainless steel angles. Stainless Steel.

Blanke•Corner Angle

Impact resistant self-adhesive stainless steel corner guard for application to already installed tile.

Blanke•Corner Angle plus

This corner angle has bevelled edges that taper into the tile providing low impact edges and a visually pleasing finish. Stainless steel.

Transition and Renovation Profiles

Blanke•Adjustable Transition Profile

Smooth transition of heights up to 1/2". Aluminum.

Blanke•Self-Adhesive Transition Profile

Convenient post installation transition strip from tile to other flooring types including wood, vinyl, and carpet. Available in stainless steel and polished brass.

Blanke•T-Transition Profile (Joint Cover)

Smooth attractive transition between flooring surfaces of the same height where a movement joint is required. Brass or aluminum.

Blanke•Reducer Trim

Smooth transition between flooring surfaces of different heights. Ideal transition from tile to carpet or vinyl. Brass, stainless steel or anodized aluminum.

Blanke•Carpet Trim

Designed to protect tile edge along soft carpet and prevent carpet edge from unraveling. Available in brass, stainless steel and anodized aluminum.

Blanke•DRIVE

Smooth transition profile from tile to concrete. Perfect in use in high traffic load situations. Anodized aluminum.

Blanke•CoveCover

Blanke•CoveCover is an innovative, durable and attractive profile, which is especially designed for interior baseboard applications. Aluminum.

For more information, please refer to the 2010 Blanke Product Catalog.

Balcony and Terrace Profiles

Blanke•BALCONY-Gutter Quarter Circle Trim

Protects edge of tile, underlayment and exposed balcony and terrace substrate. Ideal for use with Blanke•ULTRA DRAIN.

Blanke•BALCONY-Gutter Edge Protector

Balcony edge profile with substrate cover and drain guard for use in thinset applications.

Blanke•Gravel Deck Edge

Balcony edge cover with drainage holes for gravel and screed systems.

Blanke•BALCONY-Edge Protector / PRO

Blanke•BALCONY-Edge Protector protects substrate edges under tile surfaces on balconies and terraces.

Blanke•BALCONY-Edge Protector PRO protects tile edges and exposed substrates on balconies and terraces. For use in thinset applications.

Blanke•BALCONY-Edge Protector

Blanke•BALCONY-Edge Protector PRO

Expansion Joints and Screed Accessories

Blanke • FLOOREX

NEW

Newly-designed plastic expansion joint profile with no visible support legs and low gloss finish that more closely resembles actual grout joints.

Blanke • Heavy Duty Expansion Joint

For commercial and heavy load applications; Interior or exterior.

Blanke • Surface Expansion Joint

For residential and light commercial applications; Interior or exterior.

Blanke • CORNEX

Newly-designed expansion joint for corner zones with a one-sided (horizontal) opening to insert ceramic tiles.

Blanke • Screed Expansion Joint

Mudbed expansion joints. Available in heights of $1 \frac{3}{16}''$ – $2 \frac{3}{8}''$.

Blanke • V-Screed Expansion Joint

Mudbed and paver expansion joints for sawcut insertions.

Blanke • ESFLEX

Innovative dowel to eliminate vertical movement along expansion joint and cracks in concrete PVC coated stainless steel.

Blanke • Corner Joint Profile

Eliminate mildewed caulk joints. Available in 3 colors.

Stair and Anti-Skid Profiles

Blanke • Anti-Skid Step Strip

Aluminum/ PVC-profile for step protection and safety, available in 4 colors.

Blanke • HD Anti-Skid Step Strip

Durable, safe and attractive stair nose trim available in heights of $\frac{5}{16}''$ – $\frac{3}{8}''$.

Blanke • Classic Stair Nose

Stair nosing of aluminum, brass, chrome-plated brass and stainless steel for designer accents at an affordable price.

Blanke • Deco Stair Nose Profile

Contemporary styled stainless steel stair nosing in heights of $\frac{5}{16}''$, $\frac{3}{8}''$ and $\frac{1}{2}''$.

Waterproofing and Multifunctional Underlayment Systems

Blanke•AQUA SHIELD

Waterproofing fabric that can be applied to substrates on walls and floors.

Blanke•AQUA SHIELD I/C

Blanke•AQUA SHIELD O/C

D Blanke•AQUA SHIELD Drain

E Blanke•AQUA SHIELD S Pan Cover

F Blanke•AQUA SHIELD Pan

G Blanke•AQUA SHIELD S Corners

Blanke•AQUA SHIELD SP

Blanke•AQUA SHIELD LP

Blanke•PERMAT

Uncoupling system that reduces deflection in wood substrates and offers higher compressive strength than plastic rolls.

Blanke•ULTRA-DRAIN

Thinset applied drain mat and crack isolation system for balconies and terraces. Prevents damage to tile from moisture accumulation and reduces efflorescence.

Blanke•DRAIN-Mat

Mudbed applied drain mat that helps prevent damage caused by moisture accumulation in exterior applications.

Blanke•SECURMAT

Tear proof, thin, rolled uncoupling underlayment reinforced by a fiberglass mesh layer woven into fabric that provides crack isolation properties and requires less thinset than other rolled uncoupling products.
